

History of the Gwinnett Senior Golden Games

For many years, Bob and Eileen Giselbach traveled the country attending senior Olympics. One day they wondered “Why didn’t their county, Gwinnett, have their own games.” At that time only 25 senior games existed out of 159 counties in Georgia. All their games were run by and funded by their counties and cities.

Bob and Eileen were very active in their church. On one occasion, they were carrying a basket of fruit to a new parishioner, Patti Muse, a county commissioner. As they were leaving, she asked them if there was anything she could do for them. The Giselbachs told her of their desire to start the senior Olympics in Gwinnett County. Within two days, Phil Hoskins, Director of Community Services, set up an appointment with Sharon Plunkett, and they offered their plan to her. The County would supply the facilities, but the rest was up to us. We were on our own for all supplies, donations, setting up, printing, etc. This was 1999.

Bob and Eileen immediately set up a Board of Directors, Bob Giselbach - president, Bob Elliott - vice president, Carol Elliott - secretary, Jim Crowe - treasurer, Eileen Giselbach - Assistant Treasurer. Dana Dow and Dave Gaddis were on the board.

We put our feet to the ground, knocking on doors, begging people for donations, and calling friends who were interested in sports. Jennifer Thilo, from Delmar of Gwinnett, was our first donor with a generous gift of \$1000. Jennifer is now the Regional Vice President of Delmar and has supported the Games for 20 years as of 2019. We set up a telephone line to contact other sports enthusiasts. A big help to us was Sandra Johnson of the Cobb County games. She provided assistance in establishing the games and advice on how to reach the community of seniors.

Our senior movement was founded to provide senior residents the opportunity to participate in a social, competitive, recreational and athletic environment.
